Vol. VII, No. 99 | The County Seat Paper | NEVADA CITY, CALIFORNIA | The GOLD Center | FRIDAY, OCT. 13

NRA Canvas Reveals Gain In Employment

An NRA committe headed by General Phil Scadden yesterday canvassed the business district of Nevada City, calling on practically every firm and corporation and asking three questions:

How much have you increased your payroll since August first, how many more employes have you placed in jobs and how much has your business increased since August 1st?

Suming up the result of this inquiry, Mr. Scadden said, indicated that several firms had increased their payrolls from 10 to 20 per cent, and that about 15 more persons had been employed in Nevada City than were employed on August 1.

The committee which obtained signed statements from NRA employes consisted of Phillip Scadden, S. Lee Leiter, Fred E. Connor, J. J. Jackson, and Vincent Foley.

LAVA CAP SOON TO ERECT 200 TON STAMP MILL

Rapid progress is being made in getting the Lava Cap mine property, south of Nevada City into shape to go on steady production.

The head frames, ore bins and the waste bins have been completed within the last ten days.

Work of unwatering the Banner shaft is to start this week. The sinking to the 1050 foot level in the Central shaft will start within a few days.

The pouring of concrete for the mill foundation is being completed and work has started on the erection of the 200 ton daily capacity mill.

Seventy men are employed at the Lava Cap property at present. Otto E. Schiffner is general manager.

RAPID PROGRESS MADE IN KEYSTONE DIVIDE

E. H. McMurray, president of the Keystone Divide Mining Company, a Nevada State company, reports rapid progress being made in sinking the Premier shaft, located south west of Grass Valley.

During the past few days timbering has been completed. A new 1,450 pound capacity bucket has been installed and placed in operation with the new hoist and head frame.

A sump has just been completed on the 100 foot level and duplicate pumps are installed to handle the water at this level, so as not to hinder sinking operations.

The company plans to open ore on the 200 foot level, in the vein now exposed in the 50 foot and the 100 foot levels, and to continue sinking to 300 feet.

EMPRESS MILL NOW RUNNING ON GOOD ORE

Word reaches the Nevada City Nugget that the Empress mine in the Newtown district has the heavy flow of water, encountered on the 1,000 foot level, under control and the property is again resuming normal conditions.

The mill is running on good ore taken from the mine at different levels.

Ed C Jacobs is superintendent of the Empress mine and is rapidly developing this property into one of the finest in the Nevada county field.

ANOTHER CAMPTONVILLE STUDENT WINS HONOR

CAMPTONVILLE, ct. 11—Another recent graduate of the Camptonivlle branch of the Marysville Union high school, scored again when Miss Lola Chatfield, a member of the local graduating class last July, has won high marks on the honor roll in the Auburn Union high school. So far all the pupils who go to larger high schools from this small branch school immediately attain high marks and become leading students, which is a credit to the instruction given by the local teacher, Mrs. Kate Hope Livingston.

Mr. Keegan, of Grass Valley, has a crew at work constructing seven modern 4-room cottages on lower Mill street in Grass Valley, to be rented or sold when completed. The work is going ahead at a rapid pace.

BIG SPORTS PROGRAM FOR QUARTZ GOLD FETE

As a part of the program of the Third Annual Quartz Gold Celebration to be held in Grass Valley October 28 and 29, Loyle Freeman, chairman, reports a good number of prominent amateur runners, from all over Superior California, have signed to participate in the five mile cross-country race to be held on the afternoon of October 28.

This race is being sanctioned by the P. A. A. A. of San Francisco. Freeman also announced that there will be five prizes awarded. The first prize will be a gold wrist watch, which will have the winners name engraved on a pertpetual silver trophy.

TAILINGS ON NORTH STAR WORKED BY FLOTATION

Cash Cook, former Superintendent of Consolidated Copper, of Ely, Nevada, Mr. Marcellus, as associate engineer, Mr. Campbell formerly with Anaconda Copper Company, are now operating on the old North Star tailings on the MacDonald ranch below Grass Valley.

The plant includes flotation and concentration units and preliminary run was made Wednesday.

FAST PROGRESS MADE IN CONDITIONING BULLION

Splendid progress has been made in reconditioning the Bullion mine southeast of Grass Valley. When the surface workings are completed this mine will be one of the best equipped of the newer mines of the district.

Charles A. Brockington, superintendent, has been untiring in his efforts to get the property in shape for production as speedily as possible. A good sized crew of men are now employed at the Bullion mine.

FREIGHT TRUCK LINE WILL BE DISCONTINUED

The Railroad Commission has received an application from A. D. Davis asking authority to discontinue the operation of the Dorris Stage and Freight Line between Forest and Nevada City.

Application has been filed with the Railroad Commission by J. W. Frank and the Pacific Gas nad Electric Company seeking approval of the sale of surplus water from the Boardman Canal for use at the Rising Sun mine, located north of Colfax, Placer county.

Mrs. Otto E. Schiffner Is Bridge Hostess

Mrs. Otto E. Schiffner was hostess yesterday at a pleasant bridge luncheon. Her home on Prospect Hill was charmingly decorated for the occasion. The motif in the dining room was of black and yellow, Hallowe'en colors, where a floral horn of plenty centered the table. Place cards were black cats and witches. The living room where the games were played was lovely with purple and lavender asters, zinnias and cosmos. Charming pastel painted by the hostess was the prize for high score. The guests were Mesdames A. Elliott, Jean Tucker, Lloyd Dudley, James Penrose, Karl Kopp, Louis Kopp, L. D. Wiley, Etta Los Kamp, Simon Hieronimous, and Russell Wilson.

Mr. and Mrs. Al Fischer of Joshua Hendy Iron Works, San Francico are visiting this section this week.

DIAMOND MATCH INVITES ALL TO BIG OPEN HOUSE

The Diamond Match Company tomorrow, October 14, is holding an open house in its fine new home at the corner of Main and Bennet st.

This spacious new structure, as Ed Whitburn, the manager truly says, is an evidence of faith and the growth of Nevada county.

The open house tomorrow, advertised on page 8 of this issue, is really a big get-together of all the old company's friends, with gifts for the boys and girls and bargains that are almost gifts for the grown-ups.

It is to be a red letter day for Nevada county. Thousands of dollars are now going into house repairs, painting and remodeling in all parts of Nevada county, and it is very appropriate, that one of the biggest lumber company's, if not the biggest, should lead in this matter of building new homes. It is a safe bet that thousands will accept the invitation of the Diamond Match to visit the new building materials emporium tomorrow.

HOGE DEV. CO. TO SINK TO 1200

The Hoge Development company is now engaged in sinking a winze that will extend from the present 1000 foot level to the 1200 foot level.

Enough ore is being taken out at the 450 foot, 600 foot and 800 foot levels to keep the mill running on two shifts.

A crew of 65 men are now engaged in mining and development work.

Arthur W. Hoge is general manager of the property.

THIS SECTION TO BE HEARD AT HYDRAULIC MEET

At a special meeting of the Nevada City Chamber of Commerce, to consider representation at the hearing which has been called by the United States Engineer's office in Sacramento, upon hydraulic mining with special reference to the proposed debris dam in the Narrows of the Yuba river, it was decided that this section should be represented.

The meeting was largely attended by business and mining men. The motion to appoint a committee to gather data for presentation at the hearing which will take place October 25, was made by E. M. Rector and carried. He proposed that this committee should also be a permanent part of the chamber.

The president of the chamber, F. F. Cassidy, stated that he would probably name the committee today. Supervisor E. B. Dudley stated that the Nevada County Development association would assist in defraying the expenses of an engineer, to be named as a member of the committee, who would prepare data regarding hydraulic properties and possibilities and submit it at the hearing.

Stag Party is Given To Bridegroom Elect

A stag party was given Wednesday evening honoring Robert Steger, who is to be married to Miss Irma McCormack next Saturday evening. The delicious dinner had as its main items, raviolas and chicken.

The honored guest was the recipient of a beautiful gift of silver as well as the well wishes of the group of friends who had gathered to make this an evening of happiness.

Banner Mountain Post Holds Election

Banner Mountain Post, No. 2655, Veterans of Foreign Wars, held an election of officers last evening.

The Auxiliary of Banner Mountain Post, V. F. W., held their nomination of officers last evening in the Odd Fellows Hall.

A visitor was their district inspector from Roseville.

The Auxiliary served dainty refreshments complimenting the Veterans. There was a large attendance of members.

Honor Father of Wireless

Because of his notable contributions in the field of science, the Century of Progress Exposition in Chicago paid its respects to the noted Italian inventor of wireless, Guglielmo Marconi, by setting aside a special day in his honor. Marconi, shown above, has made a special visit to the United States to attend Marconi Day ceremonies at the fair.

RANDOLPH CARTER HOME FROM WORLD'S FAIR

Randolph Carter, who flew from Reno, Nevada, in a new tri-motored plane to the Chicago fair about three weeks ago in 17 hours, returned a few days ago in 12 hours.

He found a vast improvement over the fair in Chicago 29 years ago, and enjoyed the exhibits, particularly those of livestock.

Mr. Carter brought home some mementoes from the fair, among them being tiny Japanese turtles for his wife and son, Sheriff George R. Carter. These tiny dwarfs are not afraid of people and have reddish making on their necks. Their backs are painted white and have a spray of flowers and "Century of Progress Fair" on them.

Mr. Carter stated he felt the best part of the whole trip was the beautiful aeroplane trips going and coming.

TWENTY MEN EMPLOYED ON ZEABRIGHT MINE

The Zeabright mine, in Bear Valley and east of Nevada City, which was recently taken over by the Newmont interests, has a crew of 20 men employed.

The company is driving a tunnel and the mill is running on good ore. Two shifts daily are working and satisfactory progress is being made. E. R. Bennetts of Nevada City is superintendent of the Zeabright.

RESTAURANTER LEASES E. W. SCHREIBER'S CAFE

Charles Wyant of Los Angeles restauranter for many years, has leased Schrieber's cafe and will take possession next Sunday. Included in the lease is the whole rear section of that building in which the cafe is located, including the spacious cellar, kitchen and dining room.

A glass partition will be erected between the dining room and part now occupied by the bar and offices, wihch Schreiber retains for his business.

The new owner is a celebrated chef and promises to provide his patrons with excellent new recipes, well cooked and seasoned food at very reasonable prices.

REMODELED APARTMENTS READY IN 2 WEEKS

Work is progressing nicely on the apartments of Frank Davies in the old Transcript building on Commercial street. The six apartments, three small and three large ones, are being given final finishes and as soon as the painters are done, which will be in about two weeks, they will be ready to rent.

There was a large space downstairs and Mr. Frank Daies decided to fix it up for a doctor's or commercial office.

Fall Scout Activities Outlined By Ricksecker

Under the direction of Walter Weiger, district Scout commissioner, a course of six lessons in "Elements of Scoutmastership," will be held in Nevada City and Grass Valley beginning October 26, and continue one night a week for six weeks. Scoutmasters are asked to secure the attendance of their committeemen if possible.

This announcement was made yesterday by H. Ricksecker, scout executive for the Tahoe Area.

Mr. Rechsecker outlined the plans for fall scout actiities and indicated that a much wider interest is being displayed in the scout movement throughout this area.

A big fall camporee will be held October 21 and 22 at the Placer Country and Golf club grounds, two miles north of Auburn on the Necada City highway. Patrols from all troops in the district are expected to assemble between 4 o'clock and 7:30, Saturday evening, October 21, bringing their camping equipment and cooking utensils and food necessary for meals up to and including Sunday luncheon. All those who have uniforms are asked to wear them. Scoutmasters and their assistants are invited to come but they are charged not to assist their patrols in any manner.

All patrols are asked to present a campfire stunt and demonstrate some kind of handicraft as a patrol.

PERSONINI BROTHERS SHAFT REVEALS ORE

Satisfactory progress is being made in the shaft on the Personini Bros. ranch, north of the Empress mine in the Newtown section, which was taken over recently by C. E. Clinch of Grass Valley and associates.

Sinking of the shaft has progressed to the 65 foot level where a good looking two foot ledge carrying a lot of mineral is being drifted on both ways. The south drift is in fine formation and while the north drift does not show up so well it is expected that good values will also be taken out of it.

Three men including Personini Brothers are working the property under a contract from Mr. Clinch and associates.

WORK RESUMED ON DEADMAN'S FLAT MINE

Within the last few weeks Mr. Berger of San Francisco took options on four properties south of Grass Valley, among them being the California and the South Star. He already has the Alcalde property which adjoins the others and with the added acreage has a property large enough to give him ample room for many years of steady mining in the well known Deadman's Flat section.

The property presents a busy scene at present as a headframe is being built and a hoist and compressor installed. Sinking operations will start as soon as the surface works are complete.

M. E. Maquire, postal employee of Grass Valley, has just quit his position to accept the superintendency of the new property.

TO DISMANTLE ALLISON RANCH MINE BUILDINGS

Al Kelliher has taken the contract to dismantle the Allison Ranch mine buildings.

There are 120,000 feet of lumber in the headframe and adjacent buildings. This lumber will be used in various other mining operations. Two immense "sheaves" are to be lowered and removed to the Brunswick property of the Idaho Maryland mine..

Red Cross Ladies Busy Canning Peaches

The local chapter of the Red Cross, have been busy this week assembling jars, lids and rubbers and yesterday they canned peaches.

W. R. Martin and Alfred Eddy motored down into the Sacramento valley early in the week and returned with a small truck load of peaches.

The Chapter is still requesting more jars with good lids and rubbers and sugar as they expect to follow up with other fruits. Later on they will put up jams and jellies. The local chapter's funds are about exhausted and it is the idea of the members to conserve as much surplus fruit as possible at no expense to the Red Cross and in this way assist the needy who apply for aid this winter.

Children crave sweets and jams, jellies, and fruit will supply the need in a healtful way.

SCHOOLS CLOSE FOR INSTITUTE WEEK MONDAY

Next week is Institute Week for the grammar and high schools of Nevada county. The institute is being held in the high school building in Grass Valley.

Sessions are to start Monday and continue through Tuesday and Wednesday.

A number of interesting instructors and speakers have been secured for the institute. County Superintendent, Mrs. Ella M. Austin has arranged an interesting and instructive meeting.

GRAVEL RUNS $2 A CAR IN GEN. GRANT MINE

Gilmore Bros., Dr. Swartz of Los Angeles, and O. C. Poff, after driving a 400 foot tunnel made a raise and struck gravel that runs $2.00 to the carload in the General Grant mine in the Iowa Hill district east of Nevada City. Most of the gravel so far is cemented and lies in a 300 foot wide channel, which is six feet in depth.

It is thought that they have merely struck the overflow and that they will have to drive ahead fully 2000 feet to strike the main channel. No attempt will be made for some time to run the tunnel ahead until they take out enough gold in the present workings to do the work. A little later on plans are completed to install a mill to handle the cemented gravel in the General Grant.

This property adjoins the old Morning Star mine, and lies just south of the Blue Channel, where Gilmore Brothers ran a tunnel several years ago, and after all their hard work, found nothing.

Gilmore Brothers, at this time, are prospecting near Nevada City with Los Angeles capital and news of this will be published as soon as actual work starts.

TAILINGS PLANT SOON READY AT CHAMPION

R. E. Anderson of Marysville and partner, Mr. Shaw, are rapidly transforming the old Champion mine dump and mine tailings at the western limits of Nevada City into a busy camp.

Work has been completed on the bunk houses and a great deal of debris removed to facilitate drag line operations when they once start. At this time the laying of the foundation of the barge is under way. A trommel is to be installed on the barge to handle the gold bearing sand nad gravel and old sulphides which will be mined by the drag line method.

C. C. C. CAMP LAD IS SUMMONED BY DEATH

Marion C. Meyer, C. C. C. enrolee of Co. 567, who was stationed at the camp at Nevada City's southern limits, passed away Sunday evening at the Nevada City Sanitarium where he had been confined for about two months. He was 21 years of age. The body was taken to Yuba City and sent to Central Station, Virginia, his home, for burial.

NATIONALIZATION

The tendency toward nationalism seems to be increasing the world over. That tendency was more responsible than anything else, perhaps, for the collapse of the London and Geneva economic conferences, although the international world wheat conference did succeed in securing signatures from principal wheat-producing countries looking toward unified production control.

Upon the final outcome of the international wheat conference, Secretary of Agriculture Wallace, prescribed a 15 per cent reduction in wheat acreage for those American wheat producers who are now entering into the Wheat Adjustment Plan launched by the Agricultural Adjustment Administration. So far as the United States is concerned, the main objective in the Wheat Adjustment Plan is to eliminate that mountain of wheat surplus which has stood between the grower and decent price returns.

Though few people know, the fact is that the basic motive underlying the Wheat Adjustment Plan is one of nationalism. The operating mechanism in the plan is what is known as the Domestic Allotment principle. It is now being applied not only to wheat, but to cotton, tobacco, corn and hogs, rice milk and dairy products, and even to specialty and miscellaneous farm crops.

While chief credit for the development of the Domestic Allotment principle and its enactment into the Agricultural Adjustment Act is generally attributed to Professor M. L. Wilson, of the Montana State Agricultural College, now Federal Wheat Administrator, other equally prominent agricultural economists have had a big hand in shaping the policies of this new farm legislation.

These men constitute the "brain trust" of the Federal Department of Agriculture and are shaping the policies of agricultural adjustment. That adjustment leans strongly in the direction of regulation of production to conform to domestic demand, at least until such time as exports again begin to expand.

Throughout the agricultural adjustment program runs constantly the thought of scientific planning of farm output. That's why the word "adjustment" was made such a prominent part of the new federal farm legislation. Members of the agricultural "brain trust" are strong advocates of agricultural planning in terms of national policy.

These men believe that there is no solution to the so-called farm problem without coordinated planning for agricultural production. They see a planned shifting of areas devoted to agricultural production, a decentralization of industry, and the restoration of the economic balance between agriculture and industry in terms of exchange values of commodities.

Economic history, these days, is being made with startling rapidity. This is certainly a day and age of changes. Theories, found to be impractical, are discarded as fast as they are initiated. All of which indicates the world is progressing.

NEW OWNER REMODELS PIONEER COTTAGE

Mr. and Mrs. W. Ainsworth, who formerly operated the Ainsworth Beauty Shope of Grass Valley, has purchased an acre of ground and an old house of Mrs. David E. Bleakley about a month ago and are now camped on the property and remodeling the house. They have practically torn down the house and will remodel it and make the building a little smaller.

Mr. Ainsworth sold out his shop in Grass Valley and made a tour of Southern California, but decided he liked this section of the state the best, so has returned here to live.

Mrs. George Zetzsche of Oroville came over Sunday and is spending a few days in Nevada City with her mother, Mrs. Langley.

W. E. Moulton of French Corral was a Nevada City visitor Tuesday.

Joe Spence, owner and operator of the Nevada City-Grass Valley bus line, returned Monday with his wife from a ten day vacation spent at the Century of Progress Exposition in chicago.

Ross F. Taylor of Downieville was a Nevada City visitor Monday.

FAULTY AUTO BRAKE SENDS CAR OVER BANK

CAMPTONVILLE, Oct. 12.—William Wenzel, who resides on Oregon Creek, a mile southeast of town, miraculously escaped serious injury or death Tuesday afternoon while he was returning to his home, on the Pike City grade a quarter of a mile from town, a bolt broke in the steering apparatus of his car, sending it over the bank, turning over three times with him in the car. The car was badly damaged in the scramble, and Wenzel emerged from the upturned vehicle with a quantity of shattered windshield glass down his back and in the bosom of his shirt, but he was scratched but very little. Wenzel proceeded on foot to his cabin, and the Lang Garage removed the car from the scene to their shops for repair.

Miss Josephine Lombardini, Miss Betty Gordon of San Francsico and Mrs. Harry Morrissey of Seattle, Washington, spent the past week as the hose guests of the Genosci family.

When asked how he liked the fair he stated it was much the same as any other big fair.

Thomas Scadden, who owns mining property in the North Columbia district, moved to Nevada City Sunday to remain here for the winter. He has spent the summer on his property doing development wrok.

CANADIAN SAWMILLS FOLLOW NRA CODES

VANCOUVER, B. C. Oct. 12—(UP—British Columbia shingle mills are operating under Uncle Sam's NRA code and are reported enthusiastic over increased prices and wages.

Through arrangement between British Columbia and Washington shingle mill operators the northerners are operating on a 64-hour a week basis.

One of the problems of adopting the NRA in Canada is Oriental labor. During the war Orientals gained a strong foothold in British Columbia mills. About 25 per cent of the workers now are of the yellow race.

CUT OUT FRILLS, SAYS HEAD OF SCHOOL SYSTEM

SACRAMENTO, Oct. 12—(UP)—California's public school system appears headed for the simple life. State Superintendent of Public Instruction Vierling Kersey proposes eliminating state support for educational "frills," letting individual communities assume the burdens of such fancy burbelows.

"First of all," he said, "the fundamentals of education must be provided adequately." California and New York were the only two states this year where not a single public school failed to open for lack of funds, he said.

Kersey emphasizes he does not propose limiting the scope of public schools, but only that local communities should supply any educational "extras" desired.

"In other words," he said, "If they wanted two pianos in every classroom, the local communities could have them, provided they paid for them themselves. If local communities felt they could afford tile roofs on their schools and such courses as tap dancing and golfing, they could offer them at their own cost."

"It is entirely reasonable that such courses might have a high value in certain communities. But, first of all ,the fundamentals must be provided, and that the state will do."

MATCH WORKER CAUGHT OUT WITHOUT MATCHES

CHICO, Oct. 12—(UP)—Like a ship without a rudder; like a shirt without a tail—Why, that's nothing when compared with a matchworker without a match, according to Edward B. Mason.

Mason, an employe of the Diamond Match Company, is a non-smoker. Consequently, he doesn't carry matches with him.

As a result, he spent the night in the open on a recent deer hunting trip when, becoming lost from his companions, he was unable to light a fire to signal the others.

HOLD OVER LIQUOR CASES MAY BE PROBLEM

SACRAMENTO, Oct. 12—(UP)—What to do with "holdover" liquor cases, if and when the 18th amendment is repealed, isn't cause for much worry around federal offices here.

Plans recently were announced by Washington officials for the review of liquor actions awaiting decisison after the expected discarding of national prohibition becomes effective. Thousands of such cases still remain on court calendars, it was said.

In federal court here, however, only one liquor case is left on the docket.

KICKS WIFS SHINS AND GOE STO JAIL 30 DAYS

SACRAMENTO, Oct. 12—(UP)—Kicking the wife's shins may serve to avert a faux pas at the dinner table, but it doesn't win any leniency as the chief item in a police court complaint here.

Charging her husband threatened her with an ice pick and kicked her in the shins, Mrs. Thomas Shea swore to a warrant for his arrest. He also accused him of taking her pay check.

Police Judge Will J. Carragher sentenced Shea to 30 days in the county jail.

NORTH COLUMBIA

By F. W. BIGELOW

NORTH COLUMBIA, Oct. 8—Friends of Mrs. Wilber Johnson, former teacher in Tyler, have received news of the arrival of an eight pound baby boy, October 2.

Mr. and Mrs. Frank Brophy (Belle English) have arrived in N. Columbia to visit T. B. English for a few weeks.

Buildings in this part of the state seem to have strange histories. What was once a school in Sabastopol and later a church in North Columbia, finally ending up as a horse stable and before being wrecked was the storage place for four stages belonging to the Eureka express, which ran from Nevada City to Alleghany.

Will Caughlin killed two coyotes on October 7, but due to his lack of tags could not bring them in. Mr. Caughlin will write the game commission about where to buy these coyote tags.

Miss Mary Joan and Ena Caughlin were in North Columbia over the week end. Miss Mary Joan attends Mount St. Mary's.

A SNAPPY NOTE FROM A FASHION PLATE

The latest thing in dresses is the Tavern Frock. Taverns have become so popular in the last few months that My Lady finds that she must needs have a Frock appropriate to the setting in which she finds herself. The Tavern Frock is not as formal as the Speakeasy Dress. It is made of a street length of silk with the ear marks of an ordinary fashionable afternoon frock, but the top is really a jacket of sort, that slips over ones head, revealing a light topped sleeveless dress underneath.

Shopping Gossip

Well, Nadine I hear that there is sort of an N. R. A. booster program going on this week. I sure hope it helps in the good cause. Today I want to stop at the Hills Flat Barber Shop and pay the barber for the excellent hair cut one of the children had there the other day. He does expert work you know.

Did you know that Amie Marie still gives those lovely permanents for only $3.50. Her other Beauty work is so satisfactory.

Let's drop in to the Tahoe Cafe, I see that they are making it look very fresh and clean, and I hear that they are going to give it a new name as well. They are serving excellent meals.

I want to look at the J. C. Penney's Dresses today. They have greatly increased their force in here, so shopping has become a joy. Just look at these lovely suit dresses in wool, gray mixtures with white collars and cuffs, and isn't this wine colored wool with the satin sleeves a dream? These browns with the lapels and pointed sleeves are in the very latest styles. Oh my, did you notice these new pachwork suade jackets. No one can fail to find a color to suit them, for here are green, wine, navy blue and what not. I have read that they are quite the rage this season everywhere.

By the way Nadine, I sent Nannette to Elizabeth's Dress Shop the other day, as she had not been able to locate her size in dresses anywhere in town as she is quite large and do you know she found the very thing she wanted in a beautiful silk, perfect style and just her size. Every one who needs large sizes surely should visit her at once.

The Phoenix Drug Store has some lovely new creams, too for the hands one of Hudnuts preparations called Marvellous and they are truly all that the name implies. I know of no lotions to be had at such reasonable prices.

I really think Nadine that Linstroms new Store on Mill Street is offering some real values, and it would pay the public to visit thier new five, ten, and fifteen and ninety-nine cent store.

Have you been to se Francis Botfield yet? She is jolly, isn't she and the way she repairs clothes is like nobidies business, as they say.

Well, I think we might drop in here at Berts and take a look at the lovely new quilts, blankets and dress-goods. You can't beat these part wool doubles at $1.95 or these quilts at $2.98. The color combinations of the flowered center and other colors in delicate shades is most pleasing.

There are some fine pieces of dress goods over there on the counter and in the finest weaves and all shades from black to red. With a good Dressmaker in town ,this should appeal to a great many. I think everything in here is nicely arranged, don't you?

Don't forget Nadine, that I wish to remind the Grass Valley Electric to bring out my new Westinghouse Electric Refrigerator tonight. it has been so hot, that I have needed it many times and as you know they are a perfect joy to have. They carry the best in Washing Machines too. Be sure to see them as soon as you decide what time you want your machine.

Did you know that Jean and I broke our wind-shield all to pieces last night and as it was pouring rain we made a dash for Carters place. In no time at all, he had us all looking as good as new. Where is his place? On Mill Street Grass Valley, next to the Library. It proved mighty handy for us.

Do you know Nadine, that Second Hand Shoppe has excellent values in second hand goods and you would be surprised to see the really beautiful and useful things they carry. Have mother look in there next time she is down town.

John was telling me that the Chow Mein at the New Young China Cafe is very much worth while eating in. He had never eaten Chinese dishes before, but now he feels sure that they compare very favorably with American dishes.

Now for a Hamburger and Cup of Coffee at the Union Shanty before we start for home. This surely makes a handy place for travellers to have a bite to eat and also is handy for the pedestrian.

Bye, Bye I'll be seeing you next week and we will make a tour of the town.

Bride-to-be is Honor Guest at Party

Mrs. Miles Coughlin most charmingly entertained at her home on Long street Tuesday evening at a surprise shower in honor of Miss I. McCormack, who is soon to become the bride of Mrs. Coughlin's brother, Robert D. Steger, Jr., Miss Beth Steger and Mrs. Robert Steger, Sr., assisted the hostess in entertaining.

A pink and green color scheme was used in decorating the attractive table, with candles being used for lighting the happy scene.

Dutch whist was played during the evening with prizes going to Mrs. John Bray and Miss Bernice Clemo, and Mrs. Howard Penrose receiving consolation prize.

After the serving of delicious refreshments the bride explored a heap of packages presented to her and found many useful and beautiful articles for the new home.

The following enjoyed the happy evening: Mesdames, Albert Polglase, John Bray, R. N. McCormack, Howard Penrose, Donald Steger, R. G. Steger, Baptiste Toccalini, M. Coughlin; Misses Irma McCormack, Beth Steger, Bernice Clemo, Genevieve Paine, Nita Botting, Joesphine Genasci and Elma Hecker.

Back Club Members Guests of Mrs. Hammill

The Book Club met at the home of Mrs. G. H. Hammill in Grass Valley Wednesday afternoon.

Mrs. H. B. Cox gave a review of the book, Jobe, by Roth.

There was a good attendance of members from Grass Valley and Nevada City.

Refreshments were served at the close of the afternoon.

Mrs. Tuttle to Give Dramatic Readings

Mrs. Raglan Tuttle is giving an evening's entertainment of drama on Thursday, October 19, as a benefit for the Methodist church which is in need of repairs and painting. Miss Minnie Brand and Mrs. William Goede are on the program as musicians.

This promises to be a treat and all who possibly can should attend the delightful affair.

A news item of interest to Nevada county residents was the wedding of Miss Roberta Oliver at her home in Piedmont Wednesday, to Frederick Greenlee. Her father, Edwin Oliver, is of the Oliver Filters company and is interested in the Idaho-Maryland mine near Grass Valley. Mr. Oliver is also one of the principal sponsors of Piedmont lodge on Lake Vera for the Camp Fire Girls.

—o—

Mrs. Scheemer, Hostess At St. Canice Benefit

A benefit card party for St. Canice church was given Wednesday evening at the home of Mrs. A. Scheemer. Prize winners were: Mrs. Annie Hooper, Mrs. James Penrose, Mrs. G. Sandow, and Mr. Frances Hogan, at bridge; Mrs. E. Zeiglar, Mrs. Forfest Risley, Mrs. Gibson, Mrs. T. Hogan, and Mr. Steve Walsh, at whist; Mrs. Arthur Hoge, at mah jongg.

LUMBER TALKS

A BUSY WEEK

My word, this is a busy week!
There are a lot of things to do;
I've got to HELP PREVENT A FIRE,
And heed that "BUY NOW" signal too;
I've got to rake up dangerous trash,
And go down town to spend some cash.

Then Winters just around the bend,
His knapsack filled with wintery tricks;
I've got to BUILD a new GARAGE,
Ang get in lots of extra tricks;
I've got to MEND the FENCE and ROOF,
And make the COW SHED weather proof.

Well, I'll begin my duties now,
By RAKING up the TRASH,
And then I'll rush right off to town,
And CIRCULATE some CASH
And after that I'll settle down
TO BOOST MY COUNTY AND MY TOWN.

A. M. C.

We are sticking to our story of last week; fall inquiries are encouraging. Lets take advantage of our good weather and get "built-in" before the winter rains come.

It is our policy to cooperate in every way possible with our friends and customers—just call or phone 29 and we shall give your requirements prompt attention.

Our Correspondent

NORTH SAN JUAN

By MRS. F. M. HARRIS

NORTH SAN JUAN, Oct. 4.—Mr. and Mrs. Peckwith motored to Downieville on Sunday.

Mrs. Sheb Huckins and two sons, of Yuba City, visited Mrs. S. Solaro and Jean on Sunday.

Billie McCullough of Antioch, spent a few days in town visiting his grandmother, Mrs. Bradbury and other relatives.

Mr. Giles of Sacramento has opened up a butcher shop in the old Masonic building where at one time T. Harris had a shoe shop. Mr. and Mrs. Giles and little son are occupying the new bungalow owned by Stanley Bice.

Mr. Green, an attorney at Sacramento, and Mr. Wyatt of Newcastle were in San Juan on Monday. They are interested in mining property near here.

Our postmaster, Kern Fogarty, deserves much credit as a "go-getter" in obtaining signers to the N. R. A., when head-quarters at San Francisco notified him that they were entirely out of cards and suggested that he make some. Mr. Fogarty collected odds and ends of card board backs of posters and had several dozen cards cut out and the pledge copied on them. These were readily signed by residents and a package sent in to local head quarters in charge of Mr. Scadden of Nevada City.

NORTH SAN JUAN, Oct. 11—Mr. and Mrs. George Sherwood of Sacramento spent the week end at their home here.

Mrs. Bernice Shafer came up from Napa to spend Saturday and Sunday with her parents, Mr. and Mrs. Kern Fogarty and her son Leland.

Jean McCullough was home this week end for a couple of days hunting.

Mr. and Mrs. Stebbins and family have recently moved into Mr. Fodrine's little red cottage. They have been occupying a tent for several weeks in Mr. Huckin's camp.

With the entrance of a new pupil on Monday, the enrollment of pupils in school is now thirty-three.

Mr. Kast, the school teacher, Max Young, and Warren Aldredge went to Bullard's Bar Friday afternoon for a two days camping trip.

Mr. Phil Fodrini has gone to Lake Almanor, Plumas county on a hunting trip.

Mr. Frank Homer went to San Francisco on business on Saturday.

Harold Beresford had two big trucks of lumber in town on Monday. One of spruce logs to go to the mine at Montezuma Hill. The other load of lumber was for Mr. Ernest Solaro who is to build a new store room at his home.

Two new families have moved into the camp at Huckinsville.

Mrs. Harper and little son have gone to Needles to visit Mrs. Harper's parents for a few weeks.

Mr. and Mrs. Allen Ennis of Camptonville were visiting Mrs. W. C. Walker on Sunday.

Mrs. Furguson and sister of San Jose, former residents here, were in town the last of the week looking up old landmarks and calling on old friends. They are daughters of the late Mrs. Grace Bodely who lived here years ago.

Mr. Thomas, who at one time had a garage and machine shop on highway 66 near Bernardine, is thinking of starting an auto repair shop here.

Messrs. Owens and Chadburn have been prospecting on a gravel bed on the Middle Yuba River for some time and have found it good virgin gravel. Recently Mr. Moffett, who was engaged in mining around here two or three years ago, has gone into partnership with them. They will put in machinery and begin work at once.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Oct. 11.—Levi W. Turner, of Smartsville, was in town Tuesday on a short business visit.

Chester L. Bowen, of the State Board of Equalization, of Marysville, was in town Tuesday on official business.

Mrs. R. M. Labardie and Mrs. Acton M. Cleveland motored to Marysville Tuesday on a short business visit.

L. W. Kopp of Nevada City was in this section Tuesday on a short business visit.

V. J. Wilson motored to Nevada City Tuesday on a short business visit.

L. A. Roberts left Tuesday for San Francisco on a brief business visit.

Alton Cock, of Downieville, started to drive the Downieville freight stage Tuesday, taking Elmer Fischer's place during his brief illness.

The Forestry men formerly connected with C. C. C. camp 597, moved from Millers Ranch Tuesday and will spend the rest of their time while in this section at Frog Hollow.

William Wensel motored to Downieville Tuesday on a short business visit.

Guy C. Tabler, foreman of the Yuba River Fish Hatchery, returned a few days ago from an official visit to Shasta county.

James Foote of the Pacific Telephone and Telegraph Company of Grass Valley was in town Tuesday on business.

Art King of Yuba City passed through town Tuesday from Sacramento enroute to the upper country with a load of produce.

Samuel F. Price is putting a new iron roof on his home on Spring St.

Lieut. Telfer, who was connected with C. C. C. camp 597 near here left Tuesday for North Bloomfield to assist with the work at that camp.

CAMPTONVILLE, Oct. 10.—Fred J. Joubert, Inspector of this Masonic district, left Sunday for San Francisco to attend the Grand Lodge of Masons.

Robert Forbes of North Bloomfield, was in town Sunday visiting friends.

Myron Pauly and Hubert Long left Sunday for Oakland on a weeks visit.

Lieut. Telfer of Miller Ranch, motored to Nevada City Saturday to spend the week end with his family.

Julius E. Pauly left Sunday for San Francisco to attend the Grand Lodge of Masons holding forth this week.

Mrs. Dick Phillips and party left Sunday for their home at Modesto, after a few days visit at the Peterson home.

Fred H. Butz made a trip to the Forest and Alleghany section Monday with a huge load of piling from the Grant and Heether Lumber Company.

SWEETER THAN ACME LIGHT··

You will prefer this rich, mild, dark beer with its creamy, clinging foam. It is properly aged and is of full legal strength. Acme *Dark* is extraordinarily rich in quality and pleasingly mild in flavor.

We do not represent Acme *Dark* Beer to be non-fattening. You can enjoy your beer and have your figure, too, if you drink Acme *Light*, which is a sparkling, mellow, true Pilsener Beer that contains no excess carbohydrates. It won't add a bit to your weight.

Its bouquet and flavor are the most delicious that the brewing art has developed.

Acme Beer is full legal strength . . . it foams to its crest in a balance of excellence . . . that's why published Government statistics show that Acme has outsold all other beers throughout the West for the third consecutive month. Acme now leads by a popularity preference of practically 50 per cent.

CALIFORNIA BREWING ASSOCIATION

RABIES MENACE IN SOME PARTS OF CALIFORNIA

SACRAMENTO, Oct. 9—(UP)—Stamp out the rabies menace in California! Destroy all stray dogs!

Dr. Giles S. Porter, director of California's department of public health ,today was sponsor for such a movement.

Dr. Porter said rabies had reached the stage where it virtually is a state meance.

More than 80 men in a single CCC camp in Southern California, were bitten by a single pet police dog puppy of three months, he said. An Irish terrier in Los Angeles bit 25 persons, he said. More than 415 rabid animals have been reported since the first of the year, Dr. Porter said.

FINE HORSE KILLED

One of California's finest [illegible] horses entered in the state fair last month developed rabies shortly after arrival here and had to be destroyed, state records show.

Dr. Porter said the epidemic started in Southern California, where the disease has been more or less widespread for a considerable period. He said it had spread lately to many other parts of the state, with San Joaquin county reporting 34 cases of rabies-infected animals and Stanislaus county reporting 19.

"During the past few weeks," Dr. Porter said, "Cases have been reported from many parts of the state, and at the present time the disease may be said to constitute a distinct menace to both man [illegible]s."

80 C. C. C. CAMP B[illegible]TTEN

Speaking of the C[illegible]p incident where the 80 [illegible]itten, he said:

"In order to pr[illegible]velopment of the disease it w[illegible]essary for all these indivi[illegible]ndergo Pasteur treatment. T[illegible]ost of giving the preventive treatment to these large numbers of individuals is very great, and failure to control stray dogs constitutes false economy."

Following are the numbers of cases of rabies-infected animals reported in California counties since January 1, other than those mentioned:

Contra Costa, 3; Fresno, 2; Imperial, 22; Kern, 1; Los Angeles, 304; Madera, 1; Marin, 1; Merced 11; Sacramento, 3; San Diego, 10; Sonoma, 1; Tulare, 3.

Mr. and Mrs. Ed Uren accompanied by Mr. and Mrs. Charles Guenther, motored to Emigrant Gap Sunday to visit friends.

CHURCHMEN OF FAR WEST IN NEW YORK

SAN FRANCISCO, Oct. 12—(UP)—Most Rev. John J. Mitty, coadjutor archbishop of San Francisco, was among a large group of middle and far western bishops who attended the 19th meeting of the National Conference of Catholic Charities at New York, October 1, to Oct. 4.

The meeting, which marked also the centenary of the Society of St. Vincent de Paul, the far-flung Catholic lay charitable organizations, attended 5000 delegates and visitors from the United States, Canada and the West Indies.

Other far western bishops listed were Most Rev. Christopher Byrne, bishop of Galveston, and Most Rev. Rudolph Aloysius Gerkin, archbishop -elect of Santa Fe.

SAW SEA MONSTER, SOBERS UP IN JAIL

SACRAMENTO, Oct. 12—(UP)—The desk sergeant was a bit skeptical when Phil Jacobs, itinerant, entered the hall of justice and reported a sea monster in the Sacramento river.

It was no ordinary monster, according to Phil. A dull green in color, it had a head like a crocodile and was at least 80 feet long, he said. One of the three great horns protruding from its head whistled like a locomotive, Jacobs averred.

Remarking that motorboats might look that way if viewed under certain conditions, the sergeant ordered Phil locked up until sober.

COUNCIL RULES BEER NOT USED TO QUENCH FIRE

REDDING, Oct. 12—(UP)—City councilmen just wouldn't believe beer was used by the local fire department to quench flames.

So they returned the $2.10 bill with a notation that it probably was presented by mistake. It should be paid from the firemen's social fund, they opined.

The council, however, did approve a bill amounting to $7.64 for starting fires. The sum represented the cost of matches used by the department in burning grass from vacant lots as a fire preventive.

SACRAMENTO, Oct. 12—(UP)—Contrary to popular belief, "fines" received by burglars aren't always victories for law and order.

In fact, sometimes just the opposite is true. This deduction was advanced when employes of the Oak Park branch library reported to local police that burglars had entered the building and stolen $6.

The money represented "fines" paid by library patrons for keeping books over the time limit.

THE RED MENACE

We used to warn the hunters bold,
The fishermen and campers too;
But now when fires break out and rage,
We also lend a thought to you.
For, sometimes dear, a girl forgets
And starts a fire with cigarettes.

We love the little elfin forms
That give our forests grace and joy,
And yet a heedless act of ours
Their lives and beauties may destroy;
Alas, the gentle things that die,
When seething flames go rolling by!

We prize the beauty of our hills,
And in them as we know,
Are little ranchos, happy homes,
And hearts with hope aglow;
On our part, lack of proper care
May make all desolate and bare.

We would not take a human life,
That thought we cannot bear,
But our own hands may light the flames
Of horror and despair;
And on our hearts the guilt may lie
When brave men loose their fight—and die.

A. MERRIAM CONNER.

ROLPH TO OPEN CAMPAIGN SOON FOR REELECTION

By MELVIN LORD

SACRAMENTO, Oct. 12—(UP)—A whirlwind campaign in favor of the great central valley water project will actually mark the beginning of Governor Rolph's campaign for reelection.

After calling a special election for December 19 to give the people an opportunity to vote on the referendum against the $170,000,000 water project, the governor immediately started plans for a speaking tour which will carry him to almost every county in the state.

The governor will make every effort to get the water plan approved because he sincerely believes it of paramount importance to the state and to his administration.

There is this side, also. Rolph and his advisers feel that the governor's greatest chance for reelection lies in his personal appeal. So the capitol will see very little of the governor for a while.

Incidentally the water fight has brought about some peculiar combinations, the strangest of which is the sight of Senator J. M. Inman, potential candidate for lieutenant governor on an anti-Rolph ticket, lined up with Rolph and Senator B. S. Critenden, Stockton.

Outside of the water problem, with its phases of public owner-ship of power and unemployment relief, the political picture has changed little. The fight to bring the initiative against the sales tax to a head has shown little progress. If it should qualify an attempt to force Rolph to give it special consideration by either arranging for inclusion on the December 19 ballot, or calling another special election, probably will be made. Reports that a recall movement would be instituted if Rolph refused to take some such action have received scant consideration.

When the governor included Fred E. Stewart, state equalization board member, on his list of possible candidates for the Republican nomination for governor, it was rather expected that Stewart would consider himself too busy with the sales tax and issue a denial. But he refused to either affirm or deny the report.

Other candidates are virtually marking time, preferring to wait until spring when such problems as water and taxation and deficits will have taken a more definite position in relation to what promises to be one of the state's most exciting political years. Along in March the big guns will begin to boom in earnest.

Incidentally a special session of the legislature early next year is a strong possibility. The deficit now amounts to $41,600,000 and is growing steadily as revenues decrease. The income of the steam railroads on which the state collects a gross receipts tax, for instance, is 17 per cent below that of last year.

NOW is the time to make a Fall *check-up* on LIGHTING IN YOUR HOME

HOW LONG has it been since you made a real check-up on the light in your home?

Empty sockets need fresh new lamps. Burned-out lamps, lamp bulbs darkened with long use should be replaced with fresh new lamps.

Nothing adds more to comfort in the after-dinner hours in the Fall and Winter as a cheerfully lighted home. Nothing is so decorative and yet so inexpensive as electric light. Check-up, light up, and give tired eyes a chance to see better.

Light up for cheerfulness. Let light bring out the beauty of room furnishings. Add life to your living room by having at least one floor or table lamp that throws light upward to illuminate the whole room. This is the best lighting of all to read by, and adds to the hospitality your home expresses to your guests.

See the better lamps of today now being displayed in stores everywhere and in all offices of this company. Then you will know why one of these lamps gives better light to see by than three or four lamps which merely look nice when lighted. Ask about the Special Purchase Terms now in effect.

THIS PROPHET FORECASTS GOLD RISE TO $100

TO THE EDITOR OF THE NEW YORK TIMES:

Frequent columns of your paper seem to question the time when France will go off the gold standard. An informed friend of mine who resides abroad tells me France has been off the old standard of gold for some months. He says various administrative regulations have been set up which make it virtually impossible for private individuals to buy government gold. At the same time France has formed a number of wholly owned subsidiary companies to whom large sums of paper francs are loaned; these firms thereupon go out and buy at a premium on the London market all the gold they can lay their hands on, which is subsequently stored in government vaults as security for the loans.

My correspondent tells me this is no worse than our various governmental stabilization farm board and reconstruction agencies who loan tremendous sums with no expectation of breaking even.

Looking at it from another angle, I am not so sure that we are not all falling for the old "shell game" where the customer pays over his valuable gold in hope of receiving empty paper promises.

My informant goes on to state that this proceeding is likely to continue for about two years, at which time the price of gold will have been bid up to $100 an ounce. At this figure Great Britian, which produces 72 per cent of all the world's gold, will have secured for herself a favorable trade balance sufficient to carry her along many generations. The gold-hoarding nations, the United States and France, will then be in a position to revalue at a handsome profit, and practically extinguish there-by their internal and governmental debts as well as cut taxes, while the other gold-producing countries will profit in like measure, the non-gold-mining States, like Germany, will profit through being able to sell their manufactured goods to the people with gold.

What I would like to know is: Why wait two years?

W. E. D. STOKES Jr.
New York, Sept. 16, 1933.

RANCHER SELLS LOAD OF WOOD WHILE ABSENT

YUBA CITY, Oct. 12—(UP)—Absenting himself from his home proved an effective method of selling a load of wood for Gus Karnegas, Sutter county rancher.

Friends noticed a truck loading the wood while Karnegan was away and took the license number. When Karnegas returned he reported loss of the wood to the sheriff and the license was traced to a San Francisco firm.

Explaining their truck driver had driven into the wrong yard, the company promptly forwarded a check in payment for the wood.

HUSBAND ACCUSES WIFE OF AUTO MONOPLY

SACRAMENTO, Oct. 12—(UP)—Being the target for old shoes didn't bother him very much, Arthur R. Gage alleged, but when his wife deprived him of the use of the family automobile, that was the last straw.

His divorce complaint, filed in superior court here, asserted Mr. Gage on numerous occasions expressed her disapproval of Gage by hurling various household furnishings at him. Finally she locked herself in their car and refused him permission to use it, he charged.

Gage said the car was needed to transport him to his work.

PRESTO! SALESMAN LOSES TEAR GAS GUN

SACRAMENTO, Oct. 12—(UP)—There is a certain tear gas gun salesmen in this state who probably re-catcher as simply an arch villian. catcher as simply an arch villina. This is the way Morrill tells the story:

The salesman entered Morrill's office and dropped onto the desk of the chief of the state's bureau of criminal identification one of the new-type weapons that looks almost exactly like a fountain pen.

Morrill promptly dropped the weapon into a drawer and closed the drawer.

"Hold on," said the salesman, "It's not a present. I'm just showing it as a sample."

"Well, which would you rather do?" Morrill asked, "leave this thing in my desk or go to jail? There's a new law that makes it a felony to carry one of these tear gas guns unless the weapon's serial number is registered and you have a permit."

HERE'S SOMETHING TO INTEREST RADIO FANS

The newest thing to delight the radio fan is a filter that eliminates all local noises on the line. W. H. Hahn of Hahn's Radio Service in Grass Valley ,has obtained the agency for this new device, which adds one hundred per cent to the joy of the radio audience. It will not eliminate static, but all local disturbances due to electric leakages in machinery and power lines are filtered out of the reception.

Subscribe for the Nevada City Nugget Now!

"Together We Must Stand"

All together we must take the stand,
And feel equal to every demand,
For their are many good reasons why,
Not to be idle as the days go by.
We cannot leave everything to only a few,
But give justice where justice is due;
Be ready and willing to lend a hand,
And all together take a firm stand.

Let us work and do our part with head erect,
That we may deserve all men's respect,
And not wait for a magic hand,
To wave over this glorious land.
But look ourselves in the face and know,
We are not putting on a comedy show,
Only ready and willing to do our part,
For we belong to the nation that has a true heart.

By BERTHA JOY DELLEA.

RADIO FILTER WILL ELIMINATE NOISES IN N. C.

Most of the interference with radio reception is not caused by the often blamed "leaky transformer" but is caused by some defective electrical appliance or motor which sets up an intereference that follows the light lines to your house and causes the familiar buzz and roar that ruins reception.

Announcement has been made by William Hahn of the Hahns Radio Service in Grass Valley that he is now prepared to make immediate installation of a new and proven typ of radio interference filter which makes raido reception free from these noises.

To demonstrate this, two radios stand side by side in the Hahn Shop, one is equipped with the new type filter, the other is not. The one that is equipped is turned on and the program tuned in, then a defective electrical appliance such as a fan, or electirc drill is set in motion, the effect is the familiar distracting buzz that every radio owner has experienced. Then the filter equipped radio is tuned in on the same station. The appliance is again turned on full blast but this time there is no interference whatever. This new type filter is not a freak attachment that will default in time. It is a complete unit that can be applied to most any that is backed by an absoulte guarantee of satisfaction. A unit of this type has been in operation for the past year on the centralized radio system at Weimar Sanitarium. There it is surrounded by high tension wires, X-Ray equipment and electric motors, none of which are causing any interference to the radio reception since the filter was installed.

Mr. Hahn stated yesterday that he would be pleased to demonstrate the filter and that his shop was putting on a campaign for real radio reception, and will soon have a portable set which will be used to check noises of complaining set owners. Drop in today and hear the filtered radio reception at the Hahns Radio Shop, and arrange to have one installed in your home.—Adv.

Pierson Tuttle of Pacific College spent last week end here with his parents.

Mr. and Mrs. J. Pascoe visited over the week end in San Francisco.

Mrs. E .E. Edwards of Alleghany visited Nevada City Tuesday.

John Gray and Joe Hartford of Grass Valley who suffered cuts and bruises in an auto accident Sunday, were in Nevada City Thursday to have their injuries dressed by Dr. A. H. Tickell.
